

## LIONS PRESENT \$1,000 CHECK TO CHEST FUND

The Gettysburg Lions Club Monday evening voted its "usual \$1,000" to the Gettysburg Community Chest drive which opens next week and a few minutes later the Lions' president, Attorney Eugene R. Hartman, handed the \$1,000 check to Chest Campaign Chairman LeRoy E. Smith, who is a member of the Lions' club.

The unanimous club action came after a preliminary report was made for the Finance Committee by Kenneth W. Johns, its chairman. He told the club that if they voted \$1,000 to the Community Chest as was done last year "we're going to have to get busy and earn some more money for our Charity Fund."

The Charity Fund balance before the \$1,000 check was written Monday stood at just over \$2,500 but \$500 of that is earmarked for the Building Fund of the Warner Hospital and smaller sums are given annually to a score or more of community causes. "The club has given more from its Charity Fund than it took in during the last year," Johns pointed out.

**To Help With Canvass**  
Next Monday evening the Lions will join with members of other service clubs of the community in a dinner session at the Moose home after which the club members will launch the Chest canvass in Gettysburg.

The following Monday evening, October 15, the Lions are arranging for a ladies' night trip to Allenberry Inn and Playhouse where they will see "Bus Stop," according to an announcement by Program Chairman LeRoy E. Smith.

Guest speaker for the meeting was Grover Gouker, Hanover, a past national director of the Junior Chamber of Commerce and chosen in 1952 as one of Pennsylvania's "outstanding young men." He spoke on community service and defined a successful man as "one who works harder in the community to make something of himself than for himself." He recommended community service as one of the most rewarding ways of an individual's time and talents.

## CONCERT DRIVE IS LAUNCHED AT MONDAY DINNER

The Gettysburg Concert Association officially opened its 1956-57 campaign Monday evening at a dinner at the Hotel Gettysburg at which nearly 60 members of the board, division chairmen and workers were in attendance.

Russell Simmons, New York representative, said that "long-haired music has become big business in America" in a talk after dinner during which he stated that "there are more concert cities in the United States than in any other country in the world."

"Music is on the up-grade," he said, "and we are proving it here in Gettysburg. In fact, statistics show that more people pay to hear good music than to see a game of baseball. This amazes Europeans who think we are still Indians over here. They are beginning to change their minds, however, because they are asking for our artists, philharmonic orchestras and our plays."

**Seek Festival Quartet**  
Simmons said that tentative plans have been made to present the Festival Quartet here January 7. The quartet includes four instrumental artists who are colleagues at the famed Aspen Festival, Victor Babin, pianist; Symol Goldberg, violinist; William Primrose, violinist, and Nikolai Graudau, cellist.

On March 30 tentative arrangements have been made to present the Vienna Academy Chorus composed of 24 mixed voices under the direction of its founder-director. (Continued On Page 8)

Malave heard the formal reading of the charge against him.

An inquest will be conducted by Dr. C. G. Crist, Adams County coroner, in about a week or ten days. Dr. Crist was called into the case at about 2:30 o'clock Sunday morning when the body of Eliseo Cruz Rodriguez, 31, also a laborer at the Lott farm, was found in the 2½-story frame farmhouse.

## FIRE DAMAGES BISBING HOME IN YORK MONDAY

Flames raging through the kitchen and part of the second floor of a home in the east end of York about 11 o'clock Monday morning caused heavy damage to Parachute Rigger First Class and Mrs. Raymond H. Bisbing. The former is a son of Mr. and Mrs. Raymond "Patsy" Bisbing, E. Middle St.

The blaze gutted several rooms in the home of Bisbing, a Navy recruiter at York. His wife managed to rescue their two sons, Raymond Michael, five, and Steven Bruce, four, before firemen arrived.

Damage estimates were not available but Bisbing said losses might include new furniture and kitchen appliances, which were purchased when the family returned from duty in London several weeks ago.

**Cause Not Determined**  
Reports are being investigated that the blaze started in packing materials used in moving.

The family, Bisbing said, completed repainting the interior and moved in last Thursday.

The fire is believed to have started in the rear of the house and spread quickly to the second floor.

**Fearful Child Inside**  
Charles Wise, who lives next door, said he ran to the yard and jumped the fence when he heard someone shout that one of the children was still inside. He said flames were too well started then for him to get near.

The Bisbing home is owned by Mrs. Bisbing's grandparents, Mr. and Mrs. Thomas Manifold, and are guests at a York area convalescent home. Bisbing said he and his family were moving into the house from temporary quarters near Gettysburg. He is a native of Gettysburg but his wife is a native Yorker.

Mrs. Portia Bahn, 1264 East Philadelphia St. and neighbors invited the Bisbings to their homes.

Bisbing has been on recruiting duty in York for the past several weeks.

## SIX SPECIAL CLASSES BEING HELD BY BOARD

Six special classes in Adams County are now under operation by the Adams County Board of School Directors, according to reports Monday evening at a meeting of the county board at the office of the Adams County superintendent of schools, Carlisle St.

The classes are an elementary and a secondary class at Littlestown, an elementary class at Fairfield, an elementary and a secondary class at Biglerville and an elementary class at York Springs.

The secondary class at Biglerville and the elementary one at Littlestown were reported as "new this year." The other four had functioned, under their own school board sponsorship, last year. New state regulations this year provides that the county board can administer the special classes as a unit in the various school systems and the change in administration involves some savings, it was noted.

**Get State Okay On Site**  
Mrs. Amy Kelly, East Berlin, was approved by the county board as teacher of the secondary special class at Biglerville.

Mrs. Rosemarie Seilheimer, wife of a seminary student here, was elected as helper at the Adams County Day Care Center here, at a salary of \$2,600 for the nine months of school. The resignation of Mrs. Dorothy M. Snyder, Gettysburg, as helper at the Day Care Training Center was accepted.

A letter from the state Department of Public Instruction showed the state has given approval to the use of Chronister farm, 2½ miles south of York Springs on the York Springs-Hanover Rd., as a building site for a high school building in (Continued On Page 2)

## Council Objects To \$10,000 Price Tag On Town Planning And Appoints Committee Of 3

Gettysburg borough council Monday evening decided \$10,000 worth of planning is a little too much for the town to consider now.

Councilmen spent nearly an hour discussing a recommendation of the Planning Commission that the town hire an engineering firm to conduct a survey and make up a town-wide plan for future development. Cost of the survey, as outlined in a brochure from the Morris Knowles Co., accompanying the recommendation, would be \$9,500 for the services of the engineers over a three-year period, plus \$500 for the publication of copies of the plan.

The discussion ended with a motion to appoint a committee to meet with the Planning Commission to determine whether the town could not enter into the planning piecemeal. "About \$500 worth," was the manner in which the originator of the motion, Councilman Glenn Guise, put it.

**Appoints 3 To Committee**  
Council President H. M. Oyler appointed a committee comprising Councilmen Guise, Philip M. Jones and C. Donald Rebert to meet with the commission after the motion was unanimously accepted.

Guise was among those who opposed "expenditure of \$10,000 for an overall plan at this moment." He told council he felt that it should "find out what we want to do, something that we can do, and then obtain what help we need to get that done."

He added: "I don't think we would get value received from a \$10,000 overall plan at the present time. The question is not so much the cost of planning as the cost to carry out the plans once we have them. And if we don't carry out the plans there is little reason to have them."

**Ask Backing For Commission**  
"We don't really need an expert to tell us what is wrong with the town. We know most of our problems. We need some new streets, we need some solution to parking in the center of town, we need a number of things, all of which will cost money. I think we ought to settle down to some one thing, something that can be done, and then get the planning we need to carry out that project. I don't know what would be the best thing to do first. Maybe a preliminary survey could help us find out just that—what to do first. And then let's do it."

Councilman Jones had urged the employment of an engineering (Continued On Page 8)

## COLEMAN SAYS NATIONAL PARKS TO BE IMPROVED

Vast improvement to the facilities of the nation's national parks is scheduled during "Operation 66," Dr. J. Walter Coleman, superintendent of the Gettysburg Battlefield, told the Rotary club at its meeting Monday evening at the YWCA.

"Operation 66" was set up by congress to help mark the 50th anniversary of the national park program in 1966 by spending large sums over the next ten years to improve facilities so that the parks can meet the demands made by a doubling of attendance during the last decade, he said.

"Conrad Wirth, director of the National Park Service, took up the matter last year with the secretary of the interior. He pointed out that attendance in the parks has increased from 40,000,000 to 80,000,000 visitors in ten years, and that facilities for handling the public and providing for their enjoyment of the parks need to be expanded to meet the tremendous influx of visitors."

**Shows Park Scenes**  
"The secretary of the interior agreed and told the President, The President called Wirth before the cabinet, almost an unheard of thing. Then the matter was passed to Congress and Congress agreed. "As a result large sums were appropriated to permit the national parks to present an up-to-the-minute appearance by 1966. And thus Operation 66 got underway."

Dr. Coleman's talk was illustrated by slides of scenes in national parks throughout the U. S. showing need for new facilities.

President John Hostetter presided at the meeting with 54 present. Dr. Frederick Shaffer outlined plans for the town's United Nations week observance, headed this year by Rotary, and spoke on behalf of the Community Concert Association.

## Tells Board About Larger School Units

L. V. Stock, supervising principal of the Upper Adams Joint School district, brought the district directors up to date Monday evening on reports he has received from the state superintendent of Public Instruction on the prospect of larger educational units in the state.

Mr. Stock said Harrisburg reports indicate that within a matter of several years schools will be organized in regional units with a minimum population of 150,000 and 500 teachers employed. Adams County does not meet these minimum requirements and will in all probability be joined with one or more other counties in one administrative unit. Some county superintendents will disappear, he said.

President Rowe Martin presided at the meeting at Biglerville with all six members boards represented. Business was routine. There was a meeting of the board's athletic committee with members of the coaching staff.

FIFTY YEARS AGO

**Wedding Bells: Stonestier-Novak:**  
Announcements have been re-  
ceived here of the marriage of  
Joseph B. Stonestier, only son of  
Lieut. and Mrs. I. S. Stonestier,  
of this place, to Miss Beatie  
Novak, of Chicago. Mr. Stonestier  
has been living in Chicago for the  
past five years and has been very  
successful in business. He is a  
wide-awake young man and the

many friends here in wishing him  
and his wife happy and prosper-  
ous wedded life.

**Loucks — Mauger:** The Rev.  
Edgar Vincent Loucks, of Blue  
Bell, Pa., and Miss Bessie Fouch  
Mauger were married at the home  
of the bride's parents, the Rev.  
and Mrs. S. P. Mauger, at New  
Oxford, Thursday, Sept. 27. The  
wedding was held at noon, the  
ring ceremony being used. Rev.  
S. P. Mauger, father of the bride,  
and Rev. Dr. Loucks, Liscomb,  
Iowa, father of the bridegroom,  
officiated, the bride's mother giv-  
ing her away. William J. Herman  
was groomsmen, while the bride  
was attended by Miss Minnie L.  
Vogt, of Harrisburg. Miss Luella  
Roy, Newton, N. J., played the  
wedding marches and other ap-  
propriate numbers during the  
ceremony. Miss Marion Roth,  
daughter of Rev. M. J. Roth, was  
flower girl.

At the conclusion of the cere-  
mony a luncheon was served,  
after which a reception was  
tendered the members of the con-  
gregation of which the bride's  
father is pastor. The couple then  
left on a wedding tour through  
the south.

York, formerly of Union township,  
and Miss Nettie Slagle, of Mount-  
joy township, were united in the  
holy bonds of wedlock on Sept.  
27th, at the Mt. Joy parsonage.  
The ceremony was performed by  
the bride's pastor, Rev. W. G.  
Minnick. The attendants were Miss  
May Slagle, of Middleburg, Md.,  
a cousin of the bride, and Clay-  
ton Sell, the groom's brother.  
After the ceremony the happy  
couple took the train at Gettys-

Twenty-seventh annual convention  
of state firemen being held, many  
organizations here, the parade:  
The historic town of Gettysburg  
never presented a more gala ap-  
pearance than she does at the  
present time. Many of the build-  
ings are handsomely trimmed and  
our citizens are to be congratulated  
in this matter. The arches in the  
different parts of the town add  
greatly to the appearance.

The Citizens Band of Gettysburg,  
pleased the visitors Monday eve-  
ning with a delightful concert from  
the stand in the Diamond.

Tuesday morning at 10 o'clock  
the convention met in Xavier Hall.  
The address of welcome, which  
was a very able one, was delivered  
by W. C. Sheely, Esq. The re-  
sponse was made by Dr. G. W.  
Berntheisel, of York.

President A. J. Henry of Allen-

shorter than before broken. He  
will return to the hospital in a  
few days.

is suffering with blood poisoning,  
caused by having his hand scratched

## Today's Talk

NEVER BE ANGRY!

Anger is one of mankind's  
greatest enemies. Its greatest  
punishment is to that superb gift  
from our Creator — the brain.  
The late Dr. Crile, one of the  
great of his profession, a Cleve-  
land surgeon, is one of his famous  
books had this to say about anger:  
"When we are angry we have  
not our normal equipment, be-  
cause the greater part is blocked  
off, and we are no more our com-  
plete selves than when, if ever,  
we are very drunk." And further  
he said: "Under anger or fear  
there occurs a destruction of brain  
cells that are but slowly repaired,  
and under stress of severe and  
prolonged emotion, the brain is  
permanently injured."

Anger never settles anything. It  
unsettles! It takes Nature and  
turns it backward. Nothing is so  
sensitive as the human mind. In  
anger it actually "loses its head."  
All through life we are met at  
times with someone who has per-  
haps worked us into a state of  
mind where we open up the throttle  
and allow our anger to do its  
worst. And that is exactly what  
it does — its worst, and its worst  
is an experience that no human  
should tempt. You keep that  
temper of yours. It may come  
handy some day in a normal  
manner.

Many a person has died in a  
fit of anger. The human heart is  
a strong, brave organ, but there  
always comes a time when it re-  
fuses to stand too much abuse.  
On the other hand, cheerfulness  
and mental happiness have a  
tremendous bearing upon health  
and the power of the mind. You  
can't be too kind to the body that  
houses your soul! I am not a  
member of the Christian Science  
church, but I can understand its  
growth and power. Its same science  
applied to the body to me seems  
totally Christian. I think God must  
be happy over the way many  
treat their bodies — to emphasize  
its divinity!

Tomorrow Mr. Adams will talk  
on the subject: "Wells of Pleasure"  
Protected, 1956, by the George  
Matthew Adams Service

## Just Folks

**FAILURE**  
Failure is a teacher stern,  
Punishing to make us learn,  
Showing methods false, untrue,  
Training youth what not to do.

"Start again!" grim failure cries.  
"Success is for the youth who tries.  
Wiser than you were, are you,  
Knowing what is wrong to do."

"I teach merchant, banker, clerk  
Plans and ways that never work;  
Crush their happy hopes, and then  
Wait for them to try again."

"Loudly is the victor hailed  
If it's known he's often failed,  
Hard the struggle? Strength is seen,  
Easy triumph — little mean."

from York hired a team from

## 15 NATIONS ARE IN SUEZ CANAL USERS COMPANY

LONDON (AP) — British Foreign  
Secretary Selwyn Lloyd formally  
declared the Suez Canal Users'  
Assn. inaugurated Monday after 15  
nations announced their decision  
to join it.

Lloyd was presiding over a com-  
ference of 18 nations which have  
pronounced themselves in favor  
of international control of the  
Suez Canal, placed under state  
ownership by Egypt on July 26.  
Japan, Ethiopia and Pakistan  
have not yet decided whether to  
become members.

The 90-minute opening session  
of the envoys wound up with ap-  
pointment of three expert com-  
mittees, which will consider:

1. Organization of the associa-  
tion; the powers and relationships  
of a council comprising a delegate  
from each member country, an  
executive group and an adminis-  
trator, who probably will be a  
Scandinavian.

2. Operations; the practical  
questions concerning relationship  
with Egyptian authorities, pay-  
ment and collection of canal dues  
and the possible by-passing of  
Suez.

3. Financial matters; creation  
of a common working fund to pay  
for a secretariat and an opera-  
tional headquarters which may be  
set up in Rome or Lisbon.

Lloyd announced that the follow-  
ing 14 countries have advised  
Britain of their intention to join  
as full members:

Australia, Denmark, France,  
West Germany, Iran, Italy, Net-  
herlands, New Zealand, Portugal,  
Spain, Sweden, Turkey, the  
United States, the United King-  
dom and Norway.

One of the tasks for the first  
committee on organization is  
whether the association should ap-  
proach other governments to join.  
Countries such as Panama, Libe-  
ria, and Belgium are being con-  
sidered because their shipping  
and trade patterns depend  
a lot on having efficient use of  
Suez.

## DIES OF INJURIES

McBride, 22, of New Park, York

**By THE ASSOCIATED PRESS**

sylvania over the weekend. Four-  
teen of the deaths resulted from

## Well-Rested New York Yankees Strong Favorites To Dethrone Brooklyn Dodgers As Champions

By JOE REICHLER

BROOKLYN (AP)—The well-rested New York Yankees ruled a stout 7½ to 5 choice to dethrone the champion Brooklyn Dodgers in the 1956 World Series which starts tomorrow at Ebbets Field but the National Leagueers had plenty of supporters, too.

Bobby Bragan, who gained stature as a manager even in Pittsburgh's three season-ending losses to Brooklyn, picked the Dodgers to win.

"All they have to do is play the kind of ball they played against us in those last three days," Bragan said. "Those guys were simply great."

Ump Picks Dodgers

A major league umpire, who will remain unidentified even though he will not work in the series, thought the Dodgers would win "because they are keyed up right now and they have the momentum."

"I've been reading where the Dodgers are supposed to be tired," he said. "Tired of what? Winning? Capturing the pennant on the last day of the season, and the manner in which they did it, was the best pick-me-up they could have gotten."

Whitely Ford was certain to pitch for the Yankees in the opener but Manager Walter Alton was not expected to name the Brooklyn pitcher until after the workout today.

Maglie May Start

It was believed that Sal Maglie, Brooklyn's hottest pitcher in the stretch, will get the call. Alton wants Maglie to open things up and late yesterday he had just about made up his mind to go with Sal but reserved judgment when the 39-year-old righthander complained of miseries in his shoulder. "Maglie will pitch if his arm is all right," Alton said. "If not, it will be Clem Labine."

Maglie admitted he felt tired and also complained of a mild stomach disorder but said he would pitch if Alton wanted him to.

Second To Newcombe

The former Dodger killer's 13-5 record for Brooklyn ranks him second only to Don Newcombe (27-7), who will hurl the second game for Brooklyn against New York's Don Larsen. Sal lost his only previous World Series start against the Yankees, failing to go beyond the fifth inning in the 1951 Yankee-Giant series.

Ford, who hasn't pitched since he failed in his bid for a 20th victory last Wednesday, will have a full week's rest. The southpaw ace appeared undaunted by the task confronting him in a park called a left-handed pitcher's graveyard in Whitey's only series appearance there, in 1951, he was knocked out in the first inning.

"For a lefthander to win at Ebbets Field is a challenge," acknowledged Ford. "But I am anxious to prove I can do it."

Didn't Learn Anything

Ford said he was surprised when his manager, Casey Stengel, sent him to Ebbets Field Sunday to give the Dodgers a look.

"I didn't learn anything I didn't already know," said Ford, who has two series triumphs over the Dodgers, both in Yankee Stadium.

"I still regard Carl Furillo and Jackie Robinson as the two toughest hitters for me, but I still don't think the Dodgers are tougher to beat in Ebbets Field than the Red Sox are up in Fenway Park. And I have won there."

Mantle To Start

Stengel said he planned no lineup changes. Mickey Mantle, though still bothered by a pulled muscle in his left groin, is a certain starter in center field, as is Billy Martin at second base, despite a back ailment. Enos Slaughter has a bad toe but he will be in left field. Bill Skowron at first base, Andy Carey at third, Hank McDougald at shortstop, Hank

Bauer in right field, and, of course Yogi Berra, behind the plate, complete the lineup.

Alston, who said Sunday he may play rookie Charlie Neal at second base, switching Junior Gilliam to left field in place of Sandy Amoros, was uncertain about such a move today.

"Right now I'm leaning the other way a bit and may go with Amoros," Alston said. "Sandy has been hot lately and he may continue that way no matter who is pitching."

Amoros never has started a game when a lefthander opposed the Dodgers this year. The lefthanded hitting little outfielder batted 11 times against southpaw relievers, getting one hit, a triple.

If Amoros plays, the lineup will be: Junior Gilliam, 2b; Pee Wee Reese, ss; Duke Snider, cf; Jackie Robinson, 3b; Gil Hodges, 1b; Carl Furillo, rf; Amoros, lf; Roy Campanella, c; and the pitcher.

All 34,000 tickets for the game have been sold. Those unable to get tickets may see the games on television (NBC) or hear it on radio (Mutual). Game time is 1 p.m. EDT.

## CHARLIE KELLER STILL A YANKEE

FREDERICK, Md. (AP)—Charlie (King Kong) Keller has transferred his active sports interest from baseball to harness racing but the former New York Yankee outfielder still maintains a nominal link with the national pastime.

In recognition of the 10 years he spent patrolling the Yankee Stadium outfield, and the four World Series in which he played, Keller has named his modest Frederick breeding nursery "Yankee Land Farm."

Keller says he will attach the prefix "Yankee" to all trotters and pacers raised on his farm.

The U. S. Trotting Assn. already has registered the first two Yankees. Keller's first arrival, a son of Meadow Pace-Isabel Star, has been named Yankee Star. The second foal is Yankee Queen, a filly by Direct Rhythm from Meadow Meda.

The former Yankee Slugger, whose 33 homeruns in 1941 were four less than hit that year by American League leader Ted Williams, says he has no plans for racing any of his own stock. The bushy-browed Keller, now 39, prefers to sell his yearlings at auction.

## RELAXING POSES TRACK PROBLEM

By HAROLD V. RATLIFF  
DALLAS (AP)—Does facial expression have anything to do with running?

It sure does, says Oliver Jackson, coach of Abilene Christian College and developer of Bobby Morrow, America's No. 1 man in the Olympic sprints.

Jackson says he had little to do in coaching Morrow on running form but he had to make the big sprinter run relaxed if he was to get all the mileage possible. Relaxing facial muscles was one point he stressed—that helped the youngster relax throughout the top portion of his body.

Speed Without Strain  
To get the rest him relaxed, Jackson had him run 150's and 300's at two-thirds or three-quarters speed without strain.

Another fault he found in Bobby was that he lacked perfect coordination between arms and legs. "He had a false arm motion," says the coach. But this fault also was corrected as Jackson drilled Morrow on running relaxed.

Still another trick employed by the coach was to have Morrow run "in-and-out" speeds—putting another sprinter ahead and having the Texas dash star try to catch him without pressing too much and losing his form.

"The first sign of an inexperienced runner is that he tends to fall apart and lose his form when he gets behind," says Jackson.

Relaxing And Starts  
"Bobby inherited speed, strength and stamina. So, getting him to relax and working on his starts are all I've had to do."

The starting point was worked out by having Morrow stretch his legs so he would get his weight more evenly distributed on the legs. In high school at San Benito, Tex., the boy employed a bunched start. But by the time he reached college the 170-pound, 6 foot 2 runner was too big for that type to start.

## WORLD SERIES NEW TO ONLY FOUR YANKEES

By FRANK ECK

The Yankees have 27 players eligible for the 1956 World Series but for only four will the Series be a new experience.

They are Billy Hunter, Maurice McDermitt, Norm Siebern and George Wilson.

Hunter missed the possibility of making the 1955 classic because, while playing for Denver, he fractured his leg late in 1955. The injury precluded the Yankees from recalling him.

McDermitt, a southpaw pitcher who has disappointed this year, was obtained in a deal with Washington last February.

Two "Service Men"

Siebern alternated with Elston Howard in left field earlier in the year but because of an injury has not played too much lately. He is a rookie who was brought up from Denver on June 15. Like veteran Billy Martin, Siebern carries a National Defense Service designation, the reason the Yankees are permitted two players more than the 25-man limit in effect at World Series time.

Wilson was obtained from the Giant via Minneapolis on Aug. 22. Enos Slaughter, who probably will open in left field, is seeing his first series in a Yankee uniform. He was obtained from Kansas City on Aug. 25.

Slaughter played in the 1942 and 1946 World Series with the St. Louis Cardinals. In fact, his dash from first base on Harry Walker's not-to-potential double decided the classic while Boston shortstop Johnny Pesky delayed the relay to home plate.

Kuharich has a reputation for getting the most from his players. Witness the "Skins" 8-4 record last year with unspectacular personnel. But he has a strictly analytical view of Sunday's game which the Redskins lost 30-13, although a slight advance favorite and supposedly one of the East's top clubs.

Kuharich put it this way: "After a good game a lot of people say the team was 'up' for that one. Or it was 'down' after a bad game. Can a coach tell in the dressing room if the team is up or down? No, I can't, anyway."

"A game is a group of plays and the team that makes the key plays wins."

"Against Pittsburgh we were slow. We were a half-second late, just a little behind. On defense, too."

"Pittsburgh made the key plays—played a pretty good game. We didn't. It's unfortunate it had to happen at a bad time."

NEW YORK (AP)—New York's East Side, long the spawning grounds for outstanding lightweights, may have another top contender before long in young Johnny Busso.

An aggressive fighter and a crisp puncher with either hand, the 22-year-old Busso ran his latest victory streak to seven last night with a split decision over Cleveland's Tommy Salem in a television 10-rounder at St. Nicholas Arena.

Unbeaten in 17 months, the curly-haired New Yorker, a recent bridegroom now has an imposing 28-3-1 record.

Was Favorite

He says he is ready to take on the ranking fighters and he looked it in edging Salem, an able 23-year-old who looks like a fine prospect, too. Salem's record is 22-7-1.

Referee Art Mercante gave Busso, the 8-5 favorite, the nod by a 3-1 margin. Judge Mike Davidowitch used a slide rule in casting his vote for Busso 6-5 on points after scoring the fight even in rounds, 5-5. Judge Nick Gamboli scored for Salem, 5-4-1. The AP card had Busso in front, 3-1.

Busso hit harder, especially with a long right to the head, and landed more punches. Salem exhibited a sharp left jab and hook. His hooks to the body were his best punches.

Busso weighed 139, Salem 136½.

## Plan Memorial To "Babe" At Beaumont

BEAUMONT, Tex. (AP)—A memorial to Babe D'Arkoson Zaharias, who died Thursday in a Galveston hospital, is being planned here.

The Babe formerly lived here and called the city her home town. Her husband, George Zaharias, told Mayor Jimmie Cokinos yesterday he will bring all of the Babe's trophies, pictures, and mementoes to Beaumont if the city will provide a suitable place for them.

Cokinos said this would be done as soon as the space needed is known. One site under consideration is a lot next to the city library, he said.

WINS MORE HONORS

Near Field Champion Hammer Creek Peanuts, owned by Dr. Robert Creever and handled by Bob Bass, placed second in a field of 104 13-inch females at the Eastern Beagle Club licensed trial held at Newark, Del., September 22-25.

Having won two firsts and two seconds in licensed competition and first in an Atlantic Association Winners Stake for derbies, the dog needs one more first to complete her field championship.

NEW ORLEANS (AP)—Charley Joseph, 159, New Orleans, outpointed Al Hauser, 158, Philadelphia, 10,

WASHINGTON (AP)—Coach Bo Sherman of George Washington University figures his Colonials should "be as good or better than in 1955" when they won five of nine games. He has 14 lettermen, including a veteran backfield consisting of Mike Sommer, Dick Claypool, Ray Looney and Bo Austin. Looney is the quarterback and Austin the fullback.

MOUNT RUNNERS LOSE  
The Mt. St. Mary's College cross-country team lost to Roanoke 40-21 at Emmitsburg Saturday in a Mason-Dixon Conference meet. Gallaudet's harriers will oppose the Mountaineers Wednesday at Emmitsburg.

MARINE IS KILLED  
OPPAMA, Japan (AP)—Marine M. Sgt. William J. McDonald of Danville, Pa., was killed last night when his automobile overturned in Yokohama.

McDonald was attached to a Marine Helicopter Transport Squadron stationed at Oppama. He is survived by his wife, Dorothy Barbara, and three children, William Jr. 6, Barbara Alice 4, and Francis Patrick 1, all living with McDonald in Japan, and his parents, Mr. and Mrs. Frank McDonald of 723 East Market St., Danville.

## TIGHT MONEY TO FORCE UP COST OF CARS

By SAM DAWSON

NEW YORK (AP)—Rising costs of buying autos and appliances on time and difficulty in getting cash from the small loan companies are seen today as the next impact of tight money on consumers.

The firms that finance your auto purchase first borrow that money before they, in effect, lend it to you by handling installment business for the auto dealers.

Interest charges on the funds they borrow are going up and the big auto finance companies say if their business is to remain profitable the wholesale finance charges they assess the dealers must go up, too. Auto dealers, in turn, will be less inclined to shave much off the prices suggested by the auto makers.

Cars To Cost More

In short, your car is likely to cost more because money is tight. Small loan companies who lend you money to meet bills or to buy from the stores also borrow much of that money first. It's costing them more and some of the smaller firms find it hard to get any money at all. In many states

there is a legal limit to how much interest they can charge. Therefore, the small loan people are crying the blues.

They say their costs are soaring and their profits shrinking. They are shunting aside their expansion plans and some of the smaller ones are closing their doors.

Big Boys Hurting Too

"More independent loan offices have been offered for sale than at any time in the past 30 years," says Lyle S. Woodcock, vice president of the Liberty Loan Corp., St. Louis. "In nearly every case it was the same story: tight money and high interest rates."

The big boys are hurting, too. William T. Christian, vice president of the Household Finance Corp., Chicago—and president of the National Consumer Finance Assn., opening its annual meeting in Miami Beach, Fla., tomorrow—says: "Since we borrow substantial amounts from commercial banks on short term loans, our expenses of doing business have increased proportionately."

Shortage of funds may limit the volume of consumer credit, says William B. Paul Jr., president of the Family Finance Corp., Wilmington, Del. While A. M. Constan, president of State Loans, Bellevue, Wash., sees higher interest charges curtailing both the incentive and the ability of small loan companies to cope with the growth in consumer credit demands. And Wilbur A. Bean, board chairman of Equitable Credit Corp., Albany, N.Y., predicts tight money through all of next year—and perhaps into 1958.

HARRISBURG (AP)—An intensified inspection program for sea food dealers was announced by the State Health Department over the weekend with the opening of the shellfish season.

State Health Secretary Berwyn F. Mattison said the purpose of the program will be to guard against the entry of unclean shellfish into Pennsylvania. Shellfish include clams, oysters, crabs and lobsters.

## Parent, Teachers Open Convention

HARRISBURG (AP)—The 48th convention of the State Congress of Parents and Teachers went into its first business session Monday following the dedication of a new Harrisburg headquarters Sunday night.

Saturday the board of directors voted to increase by \$10 to \$70 per semester tuition grants for 34 students in state teacher colleges retroactive to the beginning of this semester.

The board also unanimously elected Mrs. Eugene S. Smith, Pottstown, vice president of Dist. 1 which covers 10 southeast counties, succeeding Mrs. Leslie R. Angus, formerly of Jenkintown, who now lives in Selinsgrove.

## NO COMMENT ON STATE SUIT

HARRISBURG (AP)—The State Justice Department had no comment Monday on published reports the state is preparing a 7 million dollar civil suit against Manu-Mine Research and Development Co.

"I don't have anything to say on it," Atty. Gen. Herbert B. Cohen, said Sunday night.

The Philadelphia Bulletin said in its Sunday edition that the state was preparing to sue the Reading firm for return of fees paid for drilling holes to fill mine voids under the Pennsylvania turnpike's northeastern extension.

The Dauphin County Court will start a grand jury investigation Oct. 22 of the Turnpike Commission under Republican control.

In a petition filed by Cohen with the court last month Manu-Mine was cited as the means through which a 19 million dollar fraud was planned.

Charles W. Stickler Jr., president of the firm, said the charges by Cohen were "political" and "fantastic."

The Bulletin said the state's major contention in the grand jury investigation and the reported civil suit would center on the amount of profit made by Manu-Mine.

The Leader administration has said the firm made a profit of two million dollars on five million dollars worth of work. But Stickler denied that and said the firm realized a \$504,000 profit.

## On The U. S. Political Front

HARRISBURG (AP)—Sen. James H. Duff (R-Pa.) says Adlai Stevenson is "inexperienced" in world affairs and "incapable" of handling the office of the presidency.

"It would be tragic, in fact it might well prove fatal," Duff, a candidate for re-election said, if the nation's voters fail to re-elect President Eisenhower on Nov. 6.

In a weekend statement Duff declared that peace or war is the prime issue in the campaign and asserted:

"Who can best assure it—Eisenhower or Stevenson—that is the question."

Stevenson is the Democratic candidate for president.

Meanwhile, Republican State Chairman George I. Bloom said it would be a "terrible gamble" to change from what he called the "outstanding leadership of President Eisenhower for untried and inexperienced Adlai."

In another statement, Duff said that under Eisenhower the cost of living "has only gone up 2½ per cent." He contended that in the previous seven years under President Truman the cost of living rose 48 per cent.

"And yet the Democratic candidate," Duff said, "has the effrontery to attempt to mislead the American people by indicating that the Democrats can do more than the Republicans when the Republicans have done 19 times as well as the Democrats."

Bloom concentrated on the statewide picture with another criticism of what he termed "ruthless methods used by the administration to collect a huge political slush fund from state employees."

At Altoona, Rep. Charles C. Smith, GOP candidate for auditor general, described the administration's new accounting system being put into effect in Harrisburg as "unworkable."

WASHINGTON (AP)—Adlai E. Stevenson disclosed Monday plans for an intensive campaign next week in California, with speeches in half a dozen cities, and in other far Western states.

In a bid for California's 32 electoral votes — exceeded only by New York's 45 and tied by Pennsylvania's quota — Stevenson plans speeches in Oakland, Richmond, Berkeley, Fresno, Long Beach and San Diego. Earlier that week he will speak in Great Falls, Mont., Boise, Idaho, Seattle, Wash., and Portland, Ore.

The Democratic presidential candidate, who returned to his campaign headquarters here early on Sunday, attended Unitarian church services and then spent the day working on speeches he will

make on an eastern swing starting tomorrow and conferring with aides.

In a speech at Minneapolis Saturday night, Stevenson said he was shocked that President Eisenhower had "brushed off" his earlier suggestions for ending military draft and limiting atomic bomb tests.

"Abolish The Draft"

"What I am suggesting," he said, "is that we ought to take a fresh and open-minded look at the weapons revolution and the whole problem of recruiting and training military manpower."

"We may very well find that in the not distant future we can abolish the draft and at the same time have a stronger defense and at lower costs."

He said the draft, which he has advocated ending at "the earliest possible moment consistent with the national safety," is "a wasteful, inefficient and often unfair" way of maintaining military manpower.

Stevenson called in members of his campaign command for conferences yesterday at his hotel suite. They included James A. Finnegan, campaign director; Wilson W. Wyatt, personal adviser; Chairman Paul M. Butler of the Democratic National Committee; and Malt McCloskey, Democratic national treasurer.

HARRISBURG (AP)—Sen. James H. Duff (R-Pa.) said Monday the cost of living increased 1,900 per cent more under former President Truman than under President Eisenhower.

The Republican senatorial candidate made the statement in reply to Adlai Stevenson's claim that the cost of living has risen sharply in the three years of the Eisenhower administration.

"The Democratic candidate has the effrontery to attempt to mislead the American people by indicating the Democrats can do more than the Republicans when the Republicans have done 19 times as well as the Democrats as shown by the official records," Duff said.

ST. PETERSBURG, Fla. (AP)—Vice President Nixon's campaign entourage gathered up its gear and headed northward Monday.

Nearing the end of a 16-day, 15,000-mile tour of 32 states, Nixon billed speeches Monday in Grand Rapids, Mich., and Milwaukee, Wis., before a night flight to Hartford, Conn., for a speech this morning.

Nixon announced plans for a new airborne jaunt starting Oct. 9 to take him into 14 states, including 11 on his current itinerary. He also will make a "report to

## Emmitsburg

EMMITSBURG—Twenty members of the Junior and Senior classes of St. Joseph's High School, Emmitsburg, will attend the annual Villanova Press Conference at Villanova University, Villanova, Pa., Saturday. Some of the lectures will outline plans for preparing a high school yearbook.

Plans were made to raise money for the missions at a recent meeting of the public on TV next Thursday night, one day after his present tour ends in Philadelphia.

WASHINGTON (AP)—After a day of rest with his family, Sen. Estes Kefauver took off again Monday for his second big tour of the 1956 campaign — a 13-state coast-to-coast swing to last two weeks.

The Democratic vice-presidential nominee flies first to Dallas, Tex., then goes for a handshaking and speaking tour through 100 miles of central Texas between Dallas and Waco.

ing of the Catholic Students Mission Crusade. Each class will arrange for a definite activity as a mission project. Miss Joan Orndorff presided at the session in the high school auditorium.

Miss Orndorff was elected vice president of the Blue Ridge OSMC Conference for 1956-57 at a regional meeting held recently at St. Maria Goretti's High School, Hagerstown. Eighteen students attended.

The boys of the Freshman and Sophomore classes are working on leather-clad quivers for the approaching hunting season when they will "go a-hunting" with their bows and arrows. They are also making sheepskins for their bicycles.

The first fire drill of the semester

was held Wednesday at 9:30 a.m. The building was cleared in 45 seconds.

EAGLES WOMEN  
PLAN TO MEET

Mrs. Josephin Hall and Mrs. Edna Olinger will serve as hostesses at the semi-monthly meeting of the Ladies' Auxiliary to the Fraternal Order of Eagles, Littlestown Aerie No. 2226 at 8 p.m. Wednesday at the FOE Home.

October meeting of the Women's Guild of Christ Church will take place at the church on Wednesday, 7:30 p.m. Christ Church Consistory will also meet tomorrow evening, 7:30 o'clock at the church.

The Brownies of Troop 45 will continue their work on making Christmas package tags at their meeting at 3:30 p.m., Wednesday, in the engine house. Members are asked to take scissors and used Christmas greetings along to the meeting.

Redeemer's Reformed Church Consistory will meet in the church social hall on Wednesday, 7:30 p.m. Following the session, the Consistories will rehearse for the distribution of new communion at the services on Sunday at 8:30 and 10:30 a.m.

**Plan Hay Ride**  
Visitors during the weekend with Mr. and Mrs. Felix P. Lawrence and her mother, Mrs. Charles L. Hare, of town, were the latter's son and daughter-in-law, Mr. and Mrs. John Hare, and son, Edward, and their son and daughter-in-law, Mr. and Mrs. Francis Hare, and children, Cynthia, Richard and Kenneth, of Chambersburg; the former Mrs. Hare's son and daughter-in-law, Mr. and Mrs. Mark P. Hare, and daughters, Pauline and Louise, Little; Clarence Yost, Lancaster, and James Cree, Baltimore.

The Young People's Society of St. Luke's Union Church, near White Hall, completed plans for a hay ride at the meeting on Sunday evening. The hayride will be enjoyed this evening, leaving at 7:30 o'clock from the home of Edward Reichart. The session opened with the Scripture reading by Barry Breighner, followed with prayer by Edward Newman, counselor. The group discussed the Society project with the church library. Edward Reichart, president, who presided, announced that the next meeting will be held Sunday, Oct. 14, 7 p.m., at the church.

Miss Fay Fissel, daughter of Mr. and Mrs. Charles H. Fissel, Prince St., and a freshman at State University, State College, spent the weekend with her parents.

St. John's University of Brooklyn had two unbeaten freshmen teams in 1956. The basketball team won all 21 games while the cross-country team won all six meets.

## Council Objects

(Continued from Page 1)  
firm arguing, "If we don't back up the Planning Commission on this then, they're through. I don't know why they would keep on going, because all the planning and study that have brought us up to this point would be wasted."

Councilman John Millard was another who joined in urging "that we do something that can be done, make up our mind. We can't do everything, we don't have the money." Millard was among councilmen who urged: "The principal point seems to be zoning, can't we take that up without going into everything else?"

**Asks Tax For Recreation**  
Rebert held that parking is "not exactly a problem here. We have empty parking lots within a block or two of the square. Our problem is caused by everybody wanting to park right in front of where he wants to go. And I don't think such a problem can be solved unless you tear down some buildings."

Guile W. Lefever, past president of the Gettysburg Recreation Board, presented a report to council on the work of the board and asked council to consider the possibility of taking over operation of recreation and placing it on a tax supported basis.

Lefever noted that the proposal "is a long range one, not for right now." Community Chest funds have supported the Recreation program, "and can continue to maintain it as it is now. But if we are to expand and develop the program, we need more support. A tax basis would make the program secure and we could plan over say a five-year period instead of a one-year period as at present, when we cannot tell from year to year how much will be obtained from 'Community Chest.'"

Council agreed to consider the matter, but with the argument on town planning running late, council decided to postpone discussion on the possibility of a borough operated recreation program until next month.

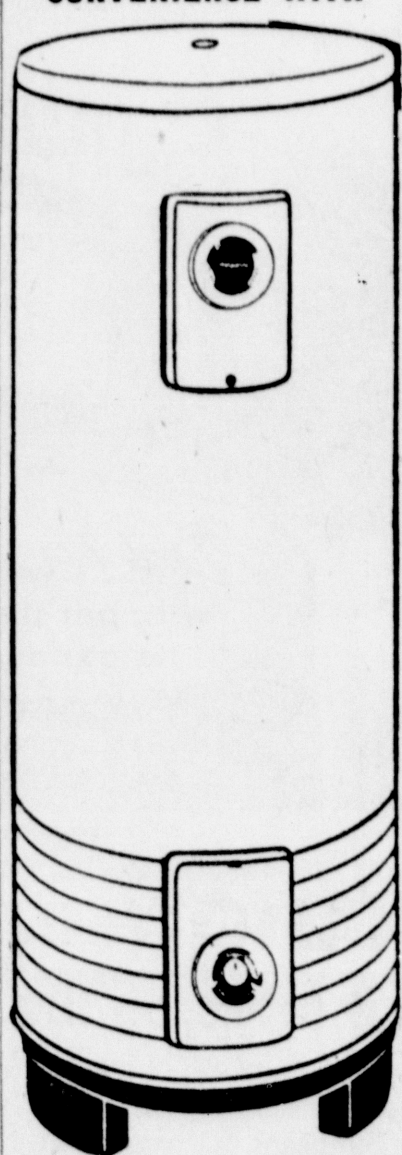

**Accept Fiscal Resignation**  
Approval was given the highway committee to paint lines on the parking lot at the Warner Hospital, with the hospital paying for the paint, provided "the work can be done with the borough line painter." There was some question whether the machine would work on the relatively rough surface of the parking lot.

The resignation of Ralph Flacel as a borough policeman was accepted and the council adopted appropriate resolutions to turn over to Fiscal certain insurance policies kept on him as a policeman, according to custom in the matter of resignations of policemen.

Burgess William G. Weaver reported that the town's Sesquicentennial came within "less than \$200" of paying its own expenses, and as a result the additional sum must come from a special fund arranged for by councilmen at a prior meeting.

Councilman Millard reported

that "it will take a backhoe" to clean out the Tiber and added: "Since this expense is more than the council can spend at present, I recommend that the budget during the next several years have provision for a part of the Tiber to be cleaned each year. That way we can get the work done without too great an expenditure in any one year."

Possible need of another opening into the new storm sewer in Hartzell Alley in order to take care of rainfall was reported by Councilman Mahlon P. Hartzell Sr. Borough Engineer LeRoy Winebrenner was asked to investigate.

Hartzell also said he had been asked to have council set up an ordinance that will prevent residents from maintaining faulty motors or wiring systems which hinder their neighbors' television reception. Hartzell said he understood such an ordinance was enforced in York and the ordinance committee was asked to investigate and determine if there are such ordinances in other communities.

**OK New Street Lights**

Councilman Harold Ecker asked whether the Gettysburg Jaycees may place bags over the parking meters Election Day urging people to vote. The matter was turned over to the burgess, with council noting that since the meters serve no function on holidays, such as Election Day, it may be possible that the rules give the burgess permission to permit such use.

Street lights at the "middle of Fairview Ave." and the intersection of Highland Ave. and King St. were approved for installation.

The highway committee was given authority to construct a road from the Reading Railroad freight depot to N. Washington St. if the railroad wishes the town to construct the road and if the railroad pays for it. The matter came about when Councilman Rebert said he had been informed that such a request may be made to council.

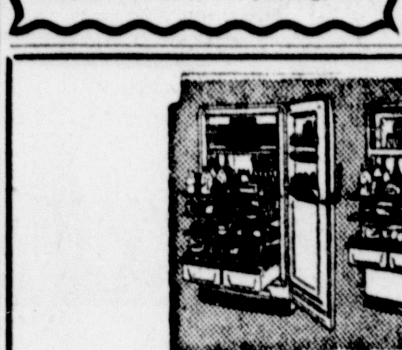

Suggestion was made, but no action taken, that a special speed limit be placed on alleys, because of the number of children who use them to play.

The manager of the W. T. Grant store asked permission to rent about 50 parking meters on Chambersburg St. for a 50th anniversary sale to be held by the store. Borough Solicitor Eugene V. Bullett informed council that it could not rent meter spaces, but "certainly it would be within the law, if the Grant company wanted to send a couple of clerks out with nickels to put into the meters for their customers."

**ATTEND SUPPER DINNER**

Mr. and Mrs. W. L. **STARTS TALKS ON ICELAND**

WASHINGTON (AP)—Secretary of State Dulles began today a round of talks which may largely determine whether the United States will have to pull all its military forces out of Iceland.

Iceland's Foreign Minister, Emil Jonsson, arrived on Sunday with words which indicated the possibility of a compromise between his government's demands for withdrawal of U.S. troops and America's efforts to keep them there as a link in the North Atlantic defense system.

Dulles and Jonsson arranged to meet this afternoon for the first Cabinet level talks on the problem which has worried American officials and North Atlantic Alliance military leaders since last March.

The demand for ouster of the troops was supported by Communists in Iceland. Although Icelanders generally would like to have their island to themselves again, the U.S. view is that only the Reds will gain in the long run if the big military base at Keflavik must be given up.

## MOSCOW TRYING TO STIR TROUBLE

By THE ASSOCIATED PRESS  
Moscow radio has been labeling Israeli raids against Jordan as "provocative acts" — while saying nothing about the Arab killing of Israeli citizens.

WASHINGTON (AP) — The Supreme Court reassembled Monday to begin a new term with a heavy quota of pending cases besides the problem of deciding what steps to take in overseeing racial integration in public schools.

In addition, a long list of cases raising a variety of issues affecting Communists and subversive activities awaits consideration.

By long tradition, term-opening day is devoted to brief formalities. The heavy work on a docket of close to 800 cases gets under way next Monday.

The Western powers are shipping heavy armaments to Israel "in increasing quantities"; are training Israeli military personnel

on a big scale; and are encouraging Israel to attack her Arab neighbors.

## Four Are Killed In York Co. Mishaps

YORK, Pa. (AP)—Traffic accidents in York County over the weekend killed four persons within a 22-hour period, including a Lancaster husband and wife.  
Killed Saturday were Edward J. Conrad, 87, Hanover, and Mrs. Jennie Beatrice Kern, 49, York. Both were struck by vehicles while crossing streets.

Ernest S. Frey, 55, and his wife, Erma, 50, both of Lancaster, were killed in a two-car head-on collision on U. S. 30 near Wrightsville Friday night.

Hanover police said Conrad was crossing a borough street when he was struck by a station wagon driven by Glenn E. Chronister, 38, Hanover. Mrs. Kern, state police said, was crossing U. S. 30 one mile east of Hallam when she was struck by a car driven by Donald L. Stoutzenber, 37, York.
